DJJ PROJECTS LTD

ABOUT OUR COMPANY

We have a reliable team of builders and brickwork contractors. Established as a limited company in 2015 and working out of Billericay, we offer a broad choice of services locally, and to customers in the surrounding Brentwood and Essex areas. Combined, our workforce brings 50+ years of experience to your project.

We have multiple areas of expertise, but we are particularly adept in the construction of new builds and house extensions, and in the renovation and refurbishment of listed buildings.

From the foundations and drainage, through to the important finishing touches that make our builders and brickwork specialists so sought after across Essex, we cover all aspects of construction and achieve the highest standards throughout.

We welcome enquiries from the domestic and commercial sectors

DJJ Projects Ltd trades as a fully vetted member of the Guild of Master Craftsmen and our qualifications include the NVQ Level 3 in Brickwork. We were also the proud winners of the Golden Trowel for the South East region in 1998, long before we became a limited company. All builders and brickwork specialists on our team are dependable time-served tradesmen.

Our membership to the Guild of Master Craftsmen enables us to offer an insurance-backed warranty at an affordable price.

We have an outstanding reputation spanning beyond Billericay and Brentwood into all surrounding areas. When working on new builds, house extensions or listed buildings, DJJ Projects Ltd complies with all current UK Building Regulations and The Planning (Listed Building and Conservation Areas) Regulations.

Our company insists on using quality materials on all projects and can order in specific brands at the customer's request.

To whom it may concern,

I am writing to recommend Dean Jeffrey and his company "DJJ Projects Ltd". Dean and DJJ Projects Ltd, have worked with us at Master Brickwork London Essex Limited & Master Designs Essex Limited as a sub contractor builder for the last 2 years, and reported to myself in my position as Project Manager/ Director.

As an employee, Dean was always efficient, organized, and a great communicator. During his time in my team, Dean managed all aspects of the projects, brick work and carpentry.

I've always put a premium on quality workmanship among my team members and Dean never failed to deliver.

Dean is a delight to work with and I wouldn't hesitate to hire "DJJ Projects Ltd" again.

Should you have any further questions about Dean feel free to contact me on 07376366329.

Kind regards,

Jessica Mills

Project Manager / Director

1st March 2022

Dear Guy,

Dean Jeffrey and DJJ Projects Ltd.

Regarding Dean Jeffreys and DJJ Projects Ltd., I can confirm that I have worked with Dean for over 10 years and during that time we have successfully completed numerous projects.

I originally was introduced to Dean for his bricklaying skills but he has also more than proved his ability to manage multiple projects in terms of labour, material requirements and how to handle different clients. Dean has always contacted me if he has a query or question and I hold this in high regard as so many contractors do not do this.

I have in the past and still do, recommend Dean to all of my clients, which is the highest form of praise I can give him and I can confirm to you that he would most definitely be an asset to the Guild.

If you should have any queries please do not hesitate to contact me.

Yours sincerely

Geoff Eaton BSc MArch(King) RIBA
